No. 87

EXCELLENCY:

I have the honor to refer to the Health and Sanitation Agreement between the Governments of the United States of Brazil and the United States of America, concluded at Rio de Janeiro on November 25, 1943.¹

In this connection, I refer to a letter dated July 18, 1944, a copy of which is enclosed, from Major General George C. Dunham, Executive Vice President of the Institute of Inter-American Affairs, to His Excellency Dr. Gustavo Capanema, Minister of Education and Health of Brazil, in which General Dunham proposes certain slight alterations in the original agreement in order to facilitate and improve the execution of the cooperative program of health and sanitation by the *Serviço Especial de Saúde Pública* (S.E.S.P.), and to provide for increasing participation by Brazilians in the operation of the S.E.S.P.

I should appreciate it if Your Excellency would study these proposals in conjunction with the appropriate authorities of the Brazilian Government and, if agreeable, if you would write me indicating your approval.

Accept, Excellency, the renewed assurances of my highest consideration.
