No. 561

The Embassy of the United States of America presents its compliments to the Minister of State of the Republic of Cuba, and has the honor to refer to the Embassy's note No. 632 of July 17, 1944 and the Ministry's note No. 1927 of August 2, 1944¹ in connection with the establishment and operation for a period of approximately three years of a radiosonde station in Habana.

This agreement expired on June 30, 1947 and the Embassy, therefore, has the honor to submit for the Cuban Government's consideration and approval an amended Memorandum Agreement covering the continued operation of the station in Habana and an additional station to be located at Camaguey for a further period of three years from June 30, 1947.

In view of the vital importance to both countries of accurate and reliable weather information, my Government trusts that the Cuban Government may give the enclosed Memorandum Agreement concerning this cooperative radiosonde project urgent consideration and inform it at the earliest possible moment as to its acceptability.

The Embassy avails itself of this opportunity to renew to the Ministry of State the assurance of its highest consideration.
