NOTE VERBALE

Referring to the memorandum of the Legation of the United States of America, dated June 11, last, containing a project regarding the possible reciprocal suppression of fees for visas for Danish and American subjects travelling to the United States of America, and Denmark, respectively, the Foreign Office has the honor to inform the Legation, that the Danish Government is ready to conclude an agreement with the Government of the United States, under which the subjects of the United States of America can, in general, obtain the visa free of charge and for a duration of one year, if the passport of the person concerned is valid for the same period, and on condition that the Danish subjects going to the United States as non-immigrants, likewise in general obtain the visa free of charge for one year, if the passport of the person in question is valid for the same duration.

As soon as the Government of the United States of America declares its readiness to accept the proposition of the Danish Government, the Foreign Office shall not fail to instruct the competent authorities of the suppression of fees for such visas from the date that may be suitable to the Government of the United States of America. However, the Foreign Office would appreciate being notified four weeks in advance in order that the Foreign Office may give the necessary instructions.
